Contracts & Grants

Welcome to the Contracts & Grants section of our website. The PAVIR Contracts & Grants staff provides administrative support and oversight of sponsored research projects for the benefit of the scientists at the Veterans Affairs Palo Alto Health Care System.

Each PI is assigned a Contract & Grant Administrator (CGA) to assist with proposal submissions and a Contract & Grant Analyst (CGA) is assigned to work with the PI after a grant has been funded.

- Find your assigned CGA: Assignments by PI
