

BID & PROPOSAL REQUEST

Bid and Proposal (B&P) Requirements:

- Unless the work is very preliminary, there must be an approved project in RDIS
- There must be a definite plan for a grant application submission based on the B&P
- The “owner” of the funds to be used for the B&P must be a PI or Co-Investigator of the B&P
- The “owner” of the funds to be used for the B&P must be a PI or Co-Investigator of the planned grant submission

Please remember that B&P work **is not** just continued funding for a previously sponsored project. Also, if Administrative funds are used to fund B&P work, setting up the account for a B&P **does not protect** PI Admin funds from the deadline by which they need to be spent.

1. Name of Requester:

2. Project Period

Start Date:

Estimated End Date:

3. Do you have an existing R&D approved project? Yes No Project ID:

If No, anticipated R&D Approval Date:
